Book Bindings from the Gilded Age

Date: Now thru May 14, 2014

The Walters Art Museum

600 N Charles Street

Baltimore, MD 21201

<http://thewalters.org/events/eventdetails.aspx?e=2738>

During the late 19th and early 20th century, fine book binding enjoyed a golden age of creativity and lavish decoration. These handmade, individual and highly personal objects were made not only to protect the texts they contained, but also to be admired and appreciated as portable decorative masterpieces in their own right. Some binders strove to execute traditional designs at the highest levels of technical proficiency and artistic elegance, while others chose to break away and explore new emerging styles influenced by the Arts and Crafts, Art Nouveau and Art Deco movements. This focus show of approximately 20 rarely seen examples from the Walters' rare book collection will explore techniques and materials that were employed to showcase the book binder's craft, sometimes resulting in truly fantastical creations.

<http://www.nga.gov/content/ngaweb/exhibitions/2013/dying-gaul.html>

Created in the first or second century AD, the Dying Gaul is one of the most renowned works from antiquity. This exhibition marks the first time it has left Italy since 1797, when Napoleonic forces took the sculpture to Paris, where it was displayed at the Louvre until its return to Rome in 1816. A universally recognized masterpiece, the Dying Gaul is a deeply moving celebration of the human spirit.

Organization: Organized by Roma Capitale, Sovrintendenza Capitolina – Musei Capitolini, and the National Gallery of Art, together with the Embassy of Italy, Washington.

It is part of The Dream of Rome and 2013—The Year of Italian Culture in the United States, which is organized under the auspices of the President of the Italian Republic by The Italian Ministry of Foreign Affairs and the Embassy of Italy in Washington, in collaboration with the Ministero per i Beni e le Attività Culturali.

LOCHMERE EVENT

March 21-23 2014

<http://lochmere.atlantia.sca.org/participate/events/nott2014/>

The year is 1604 and there is a special spring fayre planned in the town of Smeewick. The harsh winter has abated early and the people have come out of hiding to celebrate before hitting the fields for more earnest work. The anxious young children are eager to play and even the adults have plans to knock off some winter rust and show their skill with the sword and bow. Join us in celebration of the town's good fortune and hopes for a prosperous year.

Martial Activities: Atlantia's premier rapier event is upon us! Lord Terasu has a splendid day planned for all rapier combatants who hear the call of spring. A full day of melee battles is planned. We will have archery and thrown weapons available as well as a youth armored tournament and practice. Rapier combatants who wish to authorize will want to be ready by 9:00am. Please bring any martial questions to Lord Terasu byemail at sanadaterasu[AT]yahoo.com

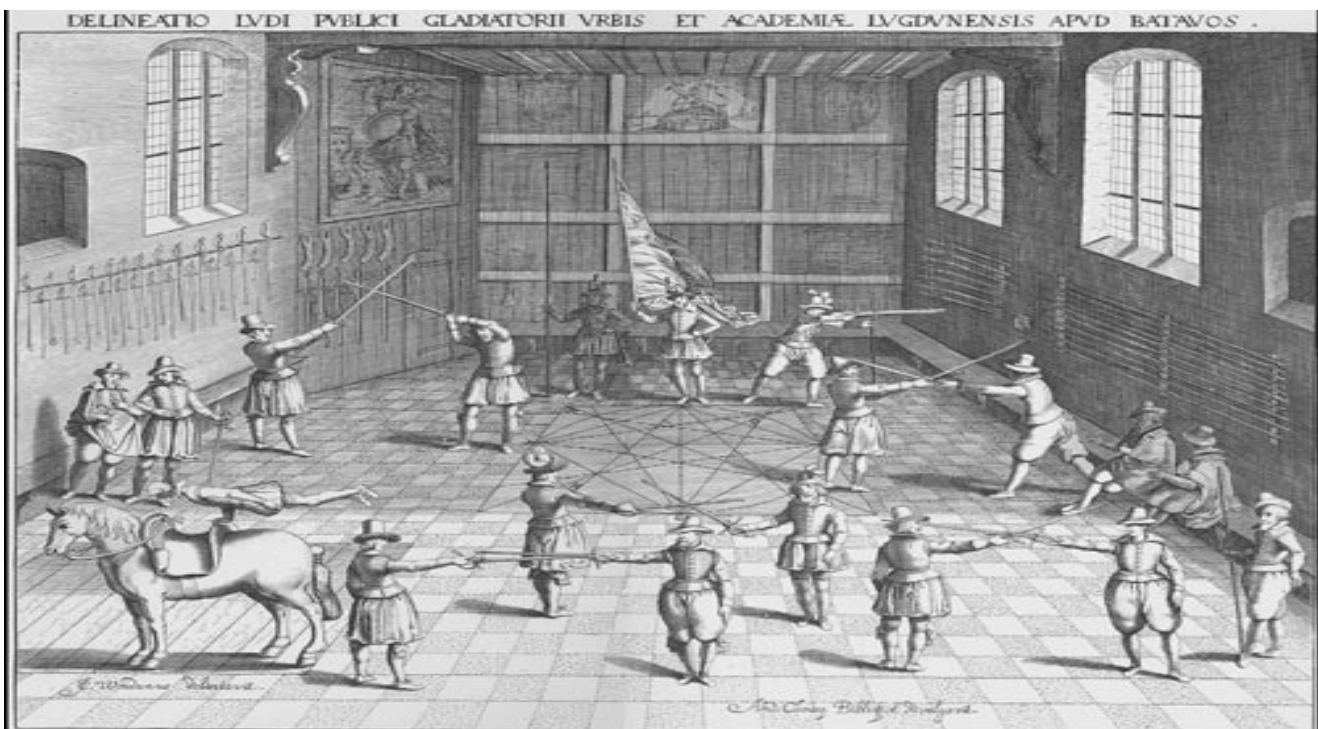

Arts & Sciences Activities: The locals have decided to help pass on their craft to a new generation by letting budding artisans try out new crafts (artisan's row) without having to invest all their pence. There will also be an open display for you to come and show your creations as well as an open competition based on the theme of Spring.
